

SAFETY MESSAGE/PLAN (ICS 208)

1. Incident Name: Philomath Wildfire - Training	2. Operational Period: Date From: 10/15/2026 Date To: 10/15/2026 Time From: 0800 Time To: 2000
3. Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan: BEFORE WORK Check in with your supervisor. Review the assignment, approved access, communications and medical procedure. Confirm equipment and the means to contact the team. SHELTER SUPPORT Use carts or team lifts for cots and supplies. Keep reception paths clear and accessible. Schedule breaks and relief. Report smoke, indoor air or access concerns promptly. DAMAGE ASSESSMENT Use released areas and approved routes only after briefing. Exterior observations only; no structure entry. Watch for unstable structures, damaged utilities, smoke and traffic. Work in buddy teams. Check in at departure, hourly and on return. Stop work if contact is lost and follow the briefing contingency procedure. SUPPLY DELIVERY Confirm the current route and receiving contact before dispatch. Obey closures. If access changes, stop and contact the coordinator. Use a hand cart or team lifts when unloading; request help for unsafe loads. ALL PERSONNEL Stop and report unsafe conditions. Reassess controls when conditions change. Use the ICS 206 for the exercise medical procedure. A real emergency takes priority over the exercise: call 911 and identify it as a real emergency. These controls are fictional training examples carried forward from the 215A; they do not constitute an actual site assessment.	
4. Site Safety Plan Required? Yes ☐ No ☒ Exercise assumption: no separate site safety plan. See 204 controls. Approved Site Safety Plan(s) Located At:	
5. Prepared by: Name: <u>Example Safety Officer</u> Position/Title: <u>Safety Officer</u> Signature: <u>Unsigned training example</u>
